

A photograph of a garden area. In the center, there is a stone archway with several large terracotta pots on top. The archway leads to a paved walkway. To the left, there are several large potted plants, including one with pink flowers. To the right, there is a raised garden bed with white gravel and small plants. The background is filled with lush green trees and foliage. The sky is blue with some clouds.

About us

Welcome to GREENHOUSE FARM AND RESORT, an ultramodern eco-friendly haven nestled away from the hustle and bustle of Abuja city, offering a premium blend of leisure and sustainability in alignment with the United Nations' Sustainable Development Goals (SDGs) for a greener Africa. It is also a centre for education and sport for our youths and kids – working with schools for environmental issues

The journey of Green House Farms and Resort began years ago as a celebration of green eco-initiatives, championed by Honourable Dr. Mary E. M. Adikwu. Over time, with the support of new board members, patrons, and stakeholders, it has evolved into the largest compact eco-friendly and sustainable environmental resort in the region.
